Subject: RE: Requesting updates from OW contacts on DW points of interest (draft transmittal)

Andy,

Yes, I know this is needed and will get it done this week. Mike has given me what he has used as starting point. Briefing on Dec 2nd is on my calendar.

Tim

Thanks Tim. It occurs to me that we are going to be doing multiple briefings on the tool to different audiences before we get a green light to go public.

Do we have or can you produce an overview presentation (maybe 10-15 slides or so) that showcases the tool – the purpose, intended capabilities, data streams, visuals, etc? Something that could be combined with a live demo, but hopefully something that could also serve as a stand alone (e.g. perhaps some screenshots in a slide appendix).

We are scheduled to brief the cross-agency PFAS workgroup on Dec 2, so having something by next week would be helpful. Is that on your calendar?

Thanks, Andy

Andy,

We were just discussing the need for regular (every other day) check-ins in addition to our larger every other week discussion as things are heating up. I will invite you to both and you can choose if/when to join.

Tim

OK, I looked this over and have a few questions/thoughts...

1.

2.

3.

4.

Ex. 5 Deliberative Process (DP)

Happy to discuss. Do you guys have a regularly scheduled team meeting? I know I have been on invites in the past, I could try to join occasionally to discuss issues.

Subject: FW: Requesting updates from OW contacts on DW points of interest (draft transmittal)

Andy,

See email string below. This is another issue that it would be good to discuss.

Ex. 5 Deliberative Process (DP)

Ex. 5 Deliberative Process (DP)

It has also been suggested that maybe the request could come from you or perhaps me. If we are going to meet our schedule, it needs go out soon.

Here is a PFAS Network Data Call file prepopulated for all Regions.

- 1) The **data model**, and the **initial data load** of Hannah's list are in the same spreadsheet (two tabs). We should send you a new one that scrubs OW mentions.
- 2) To reduce clutter for email recipients, we would break the file into Regional files. And create shells with no prepopulating for the regions that did not report any non-superfund sites.

Region	Non-Superfund Sites previously identified by PFAS Network	
	1	3
	2	3
	3	5
	4	4
	6	8
	9	2
	10	13

We will wait for your technical direction before making any changes.

Subject: Requesting updates from OW contacts on DW points of interest (draft transmittal)

Hi Alex,

As follow up to my last email, I wanted to make sure you had information that we had requested from Hannah asking who her points of contact were in regard to populating the non-Superfund places of interest. You will find that list below and attached. It has info on the process and contacts she used in the past. Given OW does not want to do the new call, and given our time crunch, what I recommend is sending something similar to what I've drafted below (including the three attachments – the data FAQ, the data model, and the initial data load of Hannah's list that ERG provided - perhaps the 2nd and 3rd item may be in the same excel file – can't remember but I'm copying Andrew

also). Also – I wanted to recommend that we remove Hannah’s name from the FAQ as the DW point of contact, and replace it with the generic PFAS email box.

Mike

Regional PFAS Contacts,

Subject: PFAS materials

Hi Mike,

Please find attached the original charter for asking the PFAS Network Members to track PFAS Activity. Note at the time of the original next the Network consisted of regional members only. Hope this is helpful. Also attached are my comments on the PFAS Places of Interest Inventory, note these are just staff level comments. I think the document looks good and I tried to add more clarity around Network activities. Also please see the list below for my regional contacts. Note some regions have a couple of folks they want included on the network, but it would probably be fine to just contact the first/second people on the list.

Region		617-		
1	<i>Meghan Cassidy</i>	Cassidy.Meghan@epa.gov	1387	
Region	Daniel			
2	<i>Dagostino</i>	DAgostino.Daniel@epa.gov
